

1) Search By Name

- If you know the plant name, go to **Search by Name** in the menu bar.
- Click on the Search by Name.
- 'Free and open information about plants' page will open.
- Simply type-in the name in the search text box.
- As you start entering the plant name, it starts loading the name and reflect in the dropdown list.
- You can then select the name, which you want to search, and press enter.
- After entering the name it takes you to the Plant landing page.

The screenshot shows the website's header with the logo of Progressive Education Society's Modern College of Arts, Science and Commerce, Shivajinagar, Pune-411005, Maharashtra, India. The site is identified as the Digital Herbarium of Angiospermic plants of Western Ghats of Maharashtra, a UGC Funded Major Research Project. The navigation menu includes Home, Search By Name (selected), Botanical Name A-Z, Common Name A-Z, Plant Family A-Z, Search By Criteria, References, and Contact Us. The main content area features the heading "Free and open information about plants" and a search input field containing "ac". A dropdown list shows "Acacia catechu" as the selected result and "Acacia nilotica" as an alternative. The footer contains the copyright notice "Copyright @ 2014" and navigation links for Search By Name, Search By Criteria, and Contact Us.
